Pray this prayer. "Father, protect me from the Evil One. Share the love you have for your Son. Shelter me with Angel wings. Help me say "No" to evil things. When you see someone who is tempted to do wrong, you can change the prayer to these words: "Father, protect them from the Evil One. Share the love you have for your Son. Shelter them with Angel Wings. Help them say "No" to evil things. God will fill you with peace. He will make you strong enough to say "No" a thousand times. The Evil One will go away defeated in his battle to get you.
