God puts the tiniest mustard seed inside of you. When you stay close to God, you grow into a person with the largest heart, and bravest person ever known. Even though you are small, God gives you great strength. Even though you are as small as a mustard seed, you can make a big difference to the world. Open doors for people, get things under the sink for your Mother, and pray for everyone who lives in your neighborhood. These are small things to do. However, they make a big difference to the people you help.
